Report of Superintendent of Schools

Milan, N. H.
February 1, 1936

To the Milan School Board:

I herewith submit the annual report of the Superintendent of Schools, it being the sixteenth in the series of such reports.

Instruction

During the school year ending June 30, 1935, six different schools were maintained in town for 36 weeks with a total enrollment of 115 pupils.

The teachers for the year were all Normal School graduates and with previous teaching experience.

The present school year opened with only one change in the teaching corps. It having been decided late in the summer to reopen the Jewett School, Miss Mildred Hill, a graduate of Keene Normal, was engaged for this place.

Schools have been visited at frequent intervals during the year. Standardized tests have been given and pupils have in all cases accomplished the work commensurate with their ability.

Fifteen pupils were graduated from the Eighth Grade in June.

Twenty-eight town pupils are this year registered at Berlin High School.

Attendance

The average attendance for the last complete school year was 94.1%. The best record was at Hodgdon Hill with an average percentage of 96.

Health

The health supervision for the year has again been under the direction of Mrs. Nina McCarthy and all pupils have had the regular examination, and notices of any physical defects have been sent to parents.
